Part One GOD'S PLAN "MAN"

Do you know your destiny?

A new-age story for kids and adults alike

The celestial concepts presented in this story are based on the messages found at New-Birth.net. Where possible I reference the individual message that corresponds to the concept being presented. The remaining concepts that bring the whole story together are my imaginings and beliefs. [[Intro to celestial msg's](#)]

The story was written to introduce briefly and simply to kids and adults the basic concepts of the new-age messages and to inspire and provoke individual thought concerning God's truths and the New Birth as revealed anew from Jesus and his band of Celestial Angels through the automatic writings of [James E. Padgett](#).

ENJOY!

Before the beginning of man

Imagine the vast black emptiness of space, totally devoid of anything readily noticeable: stars, planets, galaxies... **everything!** [\[Ref. Link\]](#) Now imagine an invisible loving [omniscient](#) consciousness with its own personality, devoid of obvious form, floating around without companionship of any kind.

This invisible consciousness is called a [soul](#). In fact this particular consciousness is known by many names but we will call it God. God has no beginning and no end, he has always existed. This is pretty much impossible for the human mind to understand but it is true. [\[Ref. Link\]](#)

God is genderless, neither man nor woman but for simplicity and because Jesus teaches us to refer to God as Father, we will refer to Him in the masculine, i.e. He / Him. [\[Ref. Link\]](#)

As we said earlier God is soul, an invisible consciousness. Think of the air that you breathe. You can't see it but you know it's there; you can feel it in your lungs and on your skin as you move through it. Now think of this air as having a consciousness or being able to think. This idea gives you a possible simplified visualization of the concept of God's image.

God is invisible, like the air, but he does have a form and a place of habitation or residence. His home is far up above the Celestial Heavens where the Celestial Spirits (Divine Angels) live. [\[Ref. Link\]](#) God is love – [Divine Love](#).

Other Reference Messages: [Who or What is God?](#)

Mankind's birth

Many, many thousands of years ago God hatched a plan to create mankind. *I think he did it for companionship.* He created man in his image, that being soul, an invisible being of consciousness each with its own personality. This soul was created with a duplex personality – male and female. [\[Ref. Link\]](#) He also gave man a perfect love, although not his Divine Love which is God's actual essence, and another very important gift – [FREE WILL](#).

Man, as soul, continued to live this way for many years enjoying God's ethereal universe and communing with, praying to and honoring God. Since soul is invisible it can not be seen by anyone, not even other souls. However, souls can be perceived and felt when they are present. This is how man, as soul, interacted with and enjoyed the company of other souls and God. He

was able to feel and perceive the presence of other souls around him and could communicate [telepathically](#).

As part of God's plan for man's individuality (the separating of the male and female personalities), continued existence and a more personal interaction between each personality, he developed a two part plan. The first was a temporary existence in physical form in order for man to gain this individuality and also, using freewill, to experience the challenges of what we call life - to learn how to live with and love our neighbors in order to peacefully coexist in the second part: the spirit realm, the afterlife - Paradise or Heaven. **(More on this later.)**

Man's experiences and actions on earth create a soul condition within him which determines his starting point in the spirit realm of progression when he crosses over. If he is an evil soul at death he will find himself starting the spirit life in the darkness of the lower hells. **(More on this later.)**

As a method for continued interaction in the spirit realm God created a spirit body, for the invisible soul, which is accessible only by being incarnated in human form, even if this incarnation is only for an instant. This incarnation of the soul actually happens while the fetus is still in the mother's womb.

Reference Messages on: [The Soul](#)

The two worlds were created, one visible (the physical universe) and the other invisible (the spirit realm – Paradise and Heaven). One scientific speculation concerning the origin of the physical universe is that it was created by the [Big Bang Theory](#). This theory is conceivable as long as one understands that it was God who set it into action.

So, the universe is created and our planet begins evolving through the ages. While the Earth spends many years developing God works on the spirit realm, possibly with input from the souls waiting incarnation.

At the creation of our first parents, Adam and Eve (actually [Aman](#) and [Amon](#)), God created both with a perfect Natural Love and with the *potentiality* of receiving the Divine Love, God's true essence, if they desired to seek, pray and ask for it. [\[Ref. Link\]](#) This *potentiality* was meant to be offered to all men (and women) that followed as children of our first parents. In God's wisdom he figured that not all people throughout time would seek his Divine Love so he created a Paradise (Spiritual Heavens) for those who remained possessed of the Natural Love and Celestial Heavens for those who received a sufficient amount of the Divine Love.

Unfortunately our first parents failed to follow all of God's decrees and lost the possibility of receiving his Divine Love. Not only did they lose the opportunity of receiving this love but so did all mankind from then on, until Jesus' coming. (See [Part Two: "Jesus' Life and Mission Revealed Anew" for this story.](#))

More Messages on: [Genesis](#) – the creation (and fall) of mankind.

Man's return to perfection

Upon man's fall and degeneration (or possibly from the get-go considering God's omniscient foresight) God devised a way for man to return to his perfected natural love state after dying and arriving in the spirit world. This was through the six spheres of progression.

After man's fall and before Jesus' coming to earth the only path available to a spirit after death was towards Sphere Six the Spiritual Heavens (Paradise).

2000+ years ago

Many years after man's fall God once again offered the potentiality of receiving his Divine Love – the New Birth [\[Ref. Link\]](#). He made this offer known to mankind through Jesus. (See [Part Two](#))

After Jesus' announcement of the re-bestowal of God's Divine Love, the Celestial Heavens were finally opened up to all who would seek and receive this love.

Once Jesus announced to mankind that the re-bestowal of God's Divine Love was available, the same offer was then made to all existing inhabitants of the spirit realm.

Jesus' main mission was to spread the message that God had re-bestowed the potentiality of receiving his Divine Love to all who desired to sincerely seek for it. The possession of this love is the ultimate gift to mankind. With it comes the promise of immortality and residence in the true kingdom of God – the Celestial Heavens. These heavens are located above the spiritual heavens (Paradise) and begin at sphere seven. [\[Ref. Link\]](#)

A secondary part of Jesus' mission was to instruct mankind on living a good moral and loving life, at the very least, in order to achieve a high state of soul condition, that being of the Natural Love. This would ensure that man would be able to start life in the higher spiritual spheres. Spirits residing in Paradise know not the promise of immortality. [\[Ref. Link\]](#) Jesus taught that

if man continued living an immoral or evil life his starting point in the spirit realm would be in the lower spheres and possibly in the lowest darkest hells.

Jesus continued his teachings through the messages of James E. Padgett in approximately 1915 via a process known as [automatic writing](#) and continues his messages today through present day mediums. [[Ref. Link](#)]

The Spheres of Progression

There are six spheres leading to Paradise (the Spiritual Heavens) and many sub-spheres and levels within each of these.

These spheres allow for the progression and cleansing of each spirit's soul condition until they finally reach the top.

The highest of these spheres is of course sphere six, where all of the souls finally end up with their natural love perfected once again.

The spiritual spheres are numbered one through six. Spirits who seek for God's Divine Love are on a path towards the Celestial Heavens and spend most of their journey in the odd numbered spheres. These spheres are more suited to a soul that is on a spiritual path.

Sphere six is considered more of an intellectual sphere and all who deny the Divine Love path end up here and spend most of their journey traveling through the even numbered spheres – which is more suited to their interests.

The Earth plane is located within level one, as are the lower hells.

Jesus' Life and Mission revealed anew

Portrait of Jesus

A little over 2000 years ago...

Joseph and Mary

Joseph, Jesus' real father [[Ref. Link](#)], was not a Galilean, but was born in Judea, in Bethlehem. After becoming a man Joseph left Judea and headed north. He did this for two reasons. First: to search for a more fertile region and secondly: to escape the great warring going on in his area. He finally arrived in Galilee and settled down in a small village named Nazareth.

Joseph began working and became fairly prosperous and eventually fell in love with a girl named Mary, whom also fell madly in love with him. They married but shortly thereafter problems arose in Galilee. Due to the warring in the country disorder returned once again to this area.

Joseph wanted to sell all of their belonging and move out of the area in search of a safer environment but Mary being bound to her homeland flatly refused. Things grew worse and Mary now many months pregnant finally gave in. It was winter and very cold. [[Ref. Link](#)]

Jesus' birth

In the month of December of the year 8 BC...

Jesus' parents, [Joseph](#) and Mary (pregnant with Jesus) made a tiresome journey to Bethlehem, through the Jordan valley and over the mountains of Judea.

Arriving at night they stopped at one of Joseph's relatives' house asking for shelter from the cold weather. Not wanting to burden his family this late they requested and accepted shelter in a stable.

Bethlehem was a village where the people were poor and lived and worked as farmers, peasants and shepherds.

Due to the stressful journey that Joseph and Mary had just finished, Jesus (Yeshua / Jeshua or Yeshu / Jeshu was his real birth name) was born a little prematurely, somewhere around Jan. 7th, 7 BC. He was born in the stable and placed in a manger filled with straw.

This is where Jesus slept for the first night, as his parents slept on straw near him in the stable.

The next day Joseph accepted a room in his relative's house and moved his family there. He then arranged a small feast and invited all the village residents to participate.

3 wise men

About six weeks later [[Ref. Link](#)] 3 wise astrologers known as the 3 wise men (or magi) came from Babylonia. They came to pay homage to the baby Jesus and present their gifts of Gold, [Frankincense](#) and [Myrrh](#).

They had actually started on their journey 2 years earlier when they witnessed a great light in the sky. This light turned out to be a supernova, which is a star that explodes and causes great illumination in the sky. Based on their beliefs that a great event was about to happen due to this great light in the sky, and based on their familiarities with Hebrew beliefs that predicted that a Messiah of the Hebrews and for all mankind was to be born, they set out on their long journey to seek out this Messiah.

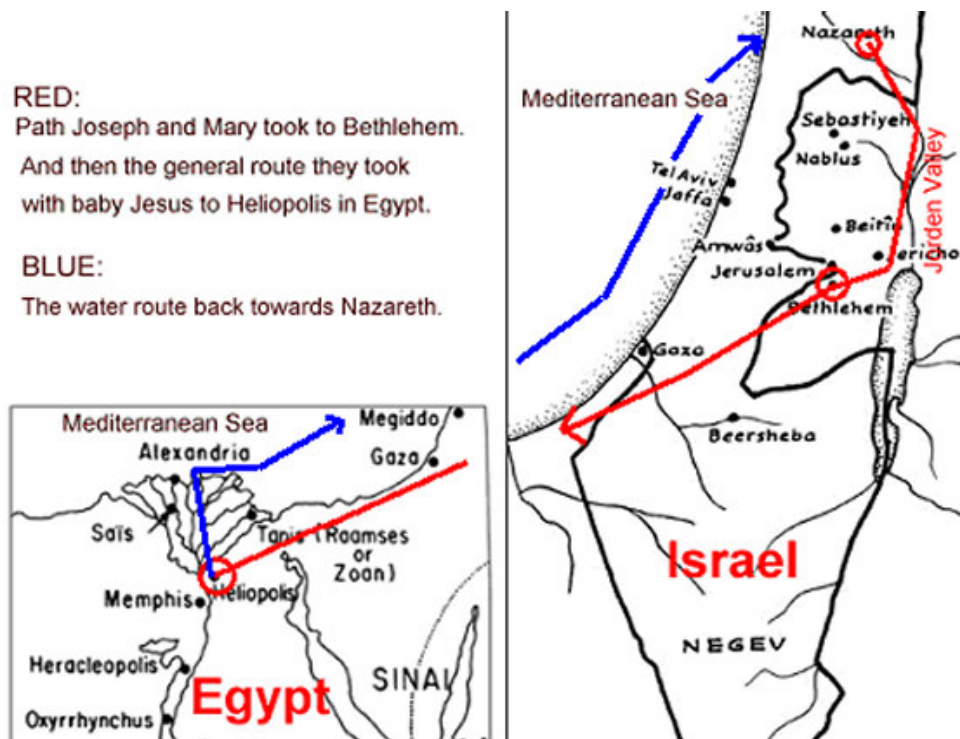

During their long journey and search for the Messiah (baby Jesus) they discovered that Herod the Roman King was afraid of the idea of a Messiah, or King of the Jews. This Messiah might become a threat to his power. He ordered all babies in Bethlehem under the age of 2 killed. This amounted to less than 20 babies since Bethlehem was a small village. King Herod did not

want people to know it was by his order, so he had his elite soldiers' disguise themselves as bandits and plunder the village.

The 3 wise men alerted Joseph and Mary to the king's intentions. So a few days after their arrival Joseph, Mary and Jesus left Bethlehem for Egypt in order to avoid Herod's soldiers. [\[Ref. Link\]](#) & [\[Ref. Link\]](#)

The flight to Egypt

There were over a million Jews living in Egypt at that time. Joseph had another relative who was a Jew and lived in Egypt in the outskirts of a city named Heliopolis. [\[Ref. Link\]](#)

Ancient Egyptian & Israel Map

After arriving in Heliopolis they moved in and lived with this relative for a long time. Joseph worked as a [tekton](#), some just call him a carpenter, and supported his family by this trade. Jesus had five brothers [James (Ya'qov), Simon (Shim'on), Judah (Yehudah), Joses (Yosef) and Thomas (Toma')] and two sisters [Rachel (Rakhel) and Lea (Le'ah)] who were all born here in Egypt, and this is where they all went to school. Here Jesus was taught the religion of the Jews, whose text book was the Old Testament. He was also taught other non religious topics. [\[Ref. Link\]](#) & [\[Ref. Link\]](#)

The journey home

Mary remained homesick, so after 10 years they returned to Nazareth. Due to the journey being long and the children being young, Joseph decided to take a boat back instead of trekking across land. [\[Ref. Link\]](#) & [\[Ref. Link\]](#)

Back in Nazareth Jesus lived at home with his parents and from the age of 12 to his becoming a young adult he helped his father in his business of carpentry. [\[Ref. Link\]](#)

Joseph, Jesus' father would often go to the temple in Jerusalem, taking his family with him, and while in Jerusalem would visit friends and relatives. This is how Jesus became acquainted with his cousin John, who was six months older than Jesus and later became known as John the Baptist. John and his family lived in a small village called Ain Karim near Jerusalem. His father, Zacharias was a priest who worked in the splendid Temple of Jerusalem. His mother, Elisabeth was a relative of Mary, Jesus' mother.

John was a somewhat strange boy, a dreamer, or people perceived it this way, because he had so many strange dreams or visions. Jesus was never a sinful boy and did not know what sin was in his heart. Jesus and John became friends immediately and played together often. [\[Ref. Link\]](#)

The re-bestowal of God's greatest gift

After becoming a man and during his continuous communions with God and after receiving a significant amount of God's true essence, his Divine Love, Jesus finally learned of his mission here on earth. Through his soul perceptions and through God's angels Jesus understood that he was sent here to inform and teach mankind of God's re-bestowal of this love and how we may obtain it. [\[Ref. Link\]](#)

Jesus' mission was to preach about the great gift from God. This gift is Divine Love and Immortality, and the way for anyone that desires it to receive it. This divine love is different from the natural love that all people possess. It is God's true essence. If a person has a significant portion of this love in his soul he will become a divine celestial angel and live forever in God's kingdom. [\[Ref. Link\]](#) & [\[Ref. Link\]](#)

People who do not receive this divine love will not be promised immortality, and will not live in God's great Celestial Heavens. These people will progress through the spirit spheres until they reach the 6th sphere. Here they will live very happily and for a long time, perhaps forever. We do not know if they will live forever or not, only God knows. [\[Ref. Link\]](#)

The people who receive God's divine love will truly be transformed into a Celestial Angel **with the promise** of living forever in the Great Celestial Heavens. These heavens contain much more love and happiness. Also there is no end to the amount of progress you can make or how high you can climb in the celestial spheres. There is no limit to the spheres in these heavens. [[Ref. Link](#)]

Jesus begins his mission

On a Saturday in the month of September in the year 25 Jesus began his public ministry. [[Ref. Link](#)] He taught that the way to receive this divine love is to pray to God with much sincerity and longing for the inflowing of this love into one's soul. If the prayers are continuous and sincere God will send his Holy Spirit through which the divine love flows, to those who seek it. The more a person prays for this love the more a person will receive until the soul is finally transformed into the essence of God's love. Once this happens the person then has the promise from God, through his soul perceptions, to live forever in his Great Kingdom. This transformation may happen on earth or it may not happen until the person crosses over into the spirit world. It all depends on the individual and his relationship with God.

John became a great psychic and saw in his visions who Jesus was and what his mission on earth was, and hence, when the time came he made the announcement of Jesus' coming. He realized the difference in their missions, yet he did not fully understand Jesus' mission and the great truth of the bestowal of immortality upon man by God. [[Ref. Link](#)] & [[Ref. Link](#)]

John went off into the desert preaching to visitors and disciples but staying away from civilization. He lived somewhat like a hermit. His preaching was of remorse, punishment, and sobriety.

The Baptism

Jesus was eventually baptized by his cousin John, who was known as John the Baptist. During this baptism, because Jesus had a lot of the divine love in his soul, God blessed him and completed the transformation of his soul. Now with his soul truly transformed and filled with this divine love, Jesus was promised immortality and residence in God's kingdom. He was also now able to be called the Christ, which means that the Divine Love of the Father is in his soul. [[Ref. Link](#)] & [[Ref. Link](#)]

Jesus spent years teaching people of God's great gift. During his ministry he would travel all around the land showing people the way to God's divine love

and performing healing miracles to the sick. Jesus lived among the people eating and drinking, without rejecting any opportunity of having a good time with friends, enjoying life and radiating happiness, sharing this **deep message of Love** until his arrest and crucifixion. [[Ref. Links](#)]
